

REMARKS/ARGUMENTS

Claims 1-37 are currently pending.

Objection to the Drawings

The Examiner objected to the drawings because Figure 1 was not designated as being prior art. A replacement sheet including Figure 1, which has been revised to include the legend "PRIOR ART", is submitted herewith. The withdrawal of the objection to the drawings is respectfully requested.

Objection to the Specification

The Examiner objected to the specification because of a minor informality. Paragraph [00023] has been amended in accordance with the Examiner's suggestion. The withdrawal of the objection to the specification is respectfully requested.

Obviousness-type Double Patenting Rejection

Claims 1-37 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-37 of U.S. Patent No. 6,726,092. A Terminal Disclaimer is submitted herewith to overcome the obviousness-type double patenting rejection. The withdrawal of the obviousness-type double patenting rejection is respectfully requested.

Conclusion

Accordingly, entry of this amendment and terminal disclaimer, as well as a timely Notice of Allowance, are respectfully requested. If the Examiner does not believe that the claims are in condition for allowance, the Examiner is respectfully requested to contact the undersigned at 215-568-6400.
